GOVERNMENT OF MADRAS
ABSTRACT

....

AGRICULTURE - Research - Pure seed production - Utilization of temple lands - Recommendation of the Expert Committee on Agricultural Research in Madras State - Orders - Passed.

Food & Agri. Dept.

Dated 5th October 1950.

G.O.Ms.No.1945. Read the following:-

From the Director of Agriculture No.X2. 1665/49 dated 24-2-50.

...

ORDER:

The Expert Committee on Agricultural Research in Madras State has recommended inter alia that multiplication of pure improved seed should be taken up on temple lands utilizing, if necessary, the services of suitable retired Agricultural Officers. The Director of Agriculture states that the availability of super annuated officers who are willing to work on lands is quite uncertain and that further, the availability of suitable temple lands for the seed multiplication work is also doubtful. As the Agricultural Department is able to meet the demands for ~~the~~ pure seed under the existing methods, the Director of Agriculture considers that the suggestion of the Committee need not be given a trial.

2. The Government consider that the suggestion of the Committee may be given a trial atleast in places where temple lands can be got for this purpose, and that there may not be any great difficulty in getting retired Agricultural Officers for this work. The Government therefore desire that the Agricultural Department should run departmental seed farms on temple lands to the extent possible. The Director of Agriculture is requested to submit proposals, in consultation with the H.R.B. Board indicating in detail the full financial implications, involved.
